The following is an examiner's statement of reasons for allowance:

Crast, Kennedy, Wu '176 and Wu '379 do not suggest the currently claimed curing agents. Wu '936 utilizes polyurea prepolymers rather than polyurethane prepolymers. Rajagopalan '087 does suggest applicant's specific curing agents (eg claim 9 of reference), but only in conjunction with polyurea prepolymers rather than polyurethane prepolymers. Rajagopalan '087 list a different set of curing agents (paragraph 152) for polyurethane prepolymers.

The terminal disclaimer overcomes the obviousness double patenting.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
